We have great music, beverages, polish sausage on the grill, 50/50 drawings, and of course...the People's Choice Award every week. So come on out and bring your friends for a nice relaxing evening in the pavilion and vote for your favorite classic ride.

Just cruisin' on out,

The Wertz Warrior Golf Outing Fund Raiser

Welcome golfers. Spring arrived on the calendar and it's time to think about golf again. The format is changing a little bit this year. We won't be having two outings; rather we will combine Bob Vickory and Wertz Warriors to make one larger outing. Hopefully, we can still support our two goals of raising funds for Wertz Warriors and Michigan Diabetes. We are going to play **August 5th at Cedar Valley Golf Course** with a 9:00AM Tee Time. The cost will be \$65.00 per player based on four person teams. More information will be coming out. Start getting your team together now. You can contact Ron or Hoadley or Ed Umstead for questions.

The Carpenter

An elderly carpenter was ready to retire. He told his employer-contractor of his plans to leave the house-building business and live a more leisurely life with his wife enjoying his extended family. He would miss the paycheck, but he needed to retire. They could get by.

The contractor was sorry to see his good worker go and asked if he could build just one more house as a personal favor. The carpenter said yes, but in time it was easy to see that his heart was not in his work. . He resorted to shoddy workmanship and used inferior materials. It was an unfortunate way to end a dedicated career. When the carpenter finished his work the employer came to inspect the house. He handed the front door key to the carpenter. "This is your house," he said, "my gift to you." The carpenter was shocked! What a shame! If he had only known he was building his own house, he would have done it all so differently.

So it is with us. We build our lives, a day at a time, often putting less than our best into the building. Then with a shock, we realize we have to live in the house we have built. If we could do it over, we'd do it much differently. But we cannot go back. You are the carpenter. Each day you hammer a nail, place a board, or erect a wall. "Life is a do-it-yourself project," someone has said. Your attitudes and choices you make today, build the "house" you live in tomorrow. Build wisely!

Remember:

"To the world you might be one person, but to one person you might be the world."
